

Answer the questions in the spaces provided on the question sheets. If you run out of room for an answer, continue on a separate sheet of paper.

1. Define the directed graph G as follows:

- (a) Find G^2 .

Solution:

- (b) Find G^+ .

Solution:

2. Define the directed graph G as follows:

(a) Complete the *adjacency matrix*, A , for G .

Solution:

$$\begin{bmatrix} 1 & 0 & 1 & 0 \\ 0 & 0 & 0 & 1 \\ 0 & 1 & 1 & 0 \\ 0 & 0 & 1 & 0 \end{bmatrix}$$

(b) Compute A^2 .

Solution:

$$\begin{bmatrix} 1 & 1 & 1 & 0 \\ 0 & 0 & 1 & 0 \\ 0 & 1 & 1 & 1 \\ 0 & 1 & 1 & 0 \end{bmatrix}$$
