

Answer the questions in the spaces provided on the question sheets. If you run out of room for an answer, continue on a separate sheet of paper.

1. Define the directed graph  $G$  as follows:

- (a) Find  $G^2$ .

- (b) Find  $G^+$ .

2. Define the directed graph  $G$  as follows:

(a) Complete the *adjacency matrix*,  $A$ , for  $G$ .

$$\begin{bmatrix} & & & \\ & & & \\ & & & \\ & & & \end{bmatrix}$$

(b) Compute  $A^2$ .

$$\begin{bmatrix} & & & \\ & & & \\ & & & \\ & & & \end{bmatrix}$$
